### About IPA

Indian Pharmaceutical association (IPA) is the oldest premier association of pharmaceutical professionals in India, with a member base of over 13,000. IPA operates in India through 20 state branches; the most recently established being the Telangana state branch and has more than 46 local branches. The members represent various facets of pharmaceutical profession viz., industry, regulatory, community and hospital pharmacy practices and education. As a member of the Drug Technical Advisory Board, India, IPA is actively involved in advising the government on matters of professional importance. IPA is affiliated with international pharma associations like FIP, FAPA, CPA, AAPS, AAiPS, IPSF and is working with international bodies such as WHO and WHPA for carrying out various collaborative professional activities that include organizing training programmes for professionals from industry, academics, regulatory and practice. IPA's major objective is to position pharmacists as one of the important healthcare providers in our country. Its educational division has been established with the objective of promoting an awareness within students about pharmacists and through them, build an image of pharmacists throughout the country.

### About Us

Sri Venkateshawara College of Pharmacy was established in year 1995 under the auspices of Surabhi Education Society, with the blessings of Late **Sri P.V. Narasimha Rao**, Former Prime Minister and Father of Indian Economic Reforms. The college is approved by AICTE, PCI and affiliated to Osmania University and offers D Pharm, B Pharm, Pharm D, Pharm D (PB) and M Pharm (Pharmaceutics and Pharmaceutical Analysis) courses. The institution imparts education of high standards in all the pharmacy programmes. Highly experienced and well-qualified faculty, the state-of-the-art facilities and infrastructure are our strengths. The college has an MOU with Apollo Health City, Jubilee Hills, a JCI accredited institution for imparting clinical practical training to its Pharm.D students.

### World TB DAY

World Tuberculosis Day, falling on March 24 each year, is designed to build public awareness about the global epidemic of tuberculosis and to strengthen efforts to eliminate the disease. This annual event commemorates the date in 1882 when Robert Koch announced his discovery of *Mycobacterium tuberculosis*. As around 1.7 million people are dying of this disease globally every year, the theme of world TB day 2017, **Unite To End TB** seems very significant.
